Actually, I'm now realizing that I not only put it on my calendar for tomorrow, but that I thought the time was today at 4:30. Does 4:30 today still work for you?

Ackkk- I accidentally put this on my calendar for 4 pm TOMORROW because I am an idiot. I'm actually free now – if this time still works for you, I'm happy to hop on Zoom forthwith!

Karen, looks like today isn't going to work for you. I can do tomorrow (Thursday) at 9:00-9:30 am or at 2:30-3:00pm. Do either of those times work for you?
Thanks, Rona

Hi Karen! Wednesday (today) at 4:30 would work well. We can have a phonecall (202-302-3969) or better yet, I'm happy to set up a Teams call.
Thanks, Rona

Joe,

I would like to brief you or an appropriate member of your staff regarding the June 21 rollout of Climate Central's new **Realtime Climate** service, which will provide free, highly timely localized alerts for media, NGOs, government staff, and other climate communicators. I believe these science-based alerts with data-rich graphics will be of interest to climate staff at the agency.

If this is of interest, please let me know with whom I might follow up to get something scheduled.

Best regards,

Karen Florini
